## Catholic Chapel

The posted public notice is for the rezoning of the Our Lady of Fatima property

The Board of Directors for Our Lady of Fatima Board of Directors has applied to the Parish of St Tammany to rezone the property from A2 - Residential with a Rural Overlay to PF1 - Public Facility.

The reason for the change is to allow financing and construction of a Community Center for the Chapel. The Chapel is doing well and no change to operations and/or activities is expected except for the construction.

Thank you for your understanding and cooperation.
